SUPPLEMENTARY INFORMATION: This ICR seeks to maintain PRA authorization for the information collection requirements contained in the Rigging Equipment for Material Handling Standard regulations at 29 CFR 1926.251(b)(1), (b)(6)(i), (b)(6)(ii), (c)(15)(ii), (e)(1)(i), (ii), and (iii) and (f)(2) that require affixing identification tags or markings on rigging equipment, developing and maintaining inspection records, and retaining proof-testing certificates. These information collection requirements are subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and

1320.6. The DOL obtains OMB approval for this information collection under Control Number 1218-0233.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on January 31, 2014. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the Federal Register on November 25, 2013 (78 FR 70326).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the ADDRESSES section by March 3, 2014. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1218-0233. The OMB is particularly interested in comments that:
